

MEN'S SHEDS ACROSS THE WORLD

April 11, 2023

Editor's Comments:

A message to subscribers of Men's Sheds Across the World to let you know that the "paper" will continue to be produced but the original platform has been retired by Paper.li. While we search for a new platform, hopefully of equal quality, we will send out an email version. If you have suggestions for a new platform please send to mensshedsacrosstheworld@gmail.com

Men Don't Talk

MEN DON'T TALK - is a 90 minute one act play, a 3 hander set in a fictional mens shed. It has enjoyed two public, professional rehearsed readings in 2022 with very positive feedback and was mentioned in a motion by Christine Grahame MSP in the [Scottish Parliament](#) in June 2022 for dispelling myths that 'Men Don't Talk' raising awareness of men's mental health/male suicide prevention in Scotland. The play can be staged anywhere and includes tea and biscuits for audiences to encourage a 'shed' feel and conversation around its themes and has offered two well attended post show discussions - men and women want to talk about this in Scotland today and offers arts/community collaboration which Paul O'Kane, MSP for West of Scotland described as having 'piercing insight' due to the part verbatim nature of the piece.
